COLLEGE SEAL

The College Seal above represents the complete educational circle of academic and technical/vocational fields. The Roman numeral date (1927) indicates the founding of the College. *Præstantia Docendi* translated to mean “Excellence in Teaching.” A closer translation is “Practical Teaching.” The torch symbolizes the light of knowledge. The flames of the torch represent the two schools both Academic and Technical. The laurel wreath symbolizes achievement and excellence of effort. If the horizontal banner is removed, there are fifty leaves in the wreath representing the fifty states, indicating that the College is open to all students from all states.

THE ACADEMIC MACE

The Academic Mace dates back to the Medieval Period when it was originally used as a weapon of defense. By the 15th century, it had become a symbol of the lawful authority of royalty, chief officers of medieval universities, and other high ranking officials. The Academic Mace of Bishop State Community College is 45 inches tall. It was hand-turned and fluted from solid mahogany by Glenn deGruy of deGruy Woodworks, in Mobile, Alabama, in spring of 2012. It is embossed by the College Seal in bronzed cast created by Grandview Aluminum in Grandview, Indiana. The Academic Mace is used during commencement exercises to symbolize the authority vested in the college president to act on behalf of the Alabama Community College System Board of Trustees, faculty and staff to confer academic degrees, awards, and certificates. It is carried in the academic procession by the longest serving faculty member at the College who has not already had the honor to do so. The bearer precedes the president to denote the dignity and prestige of the occasion.

THE PRESIDENT’S OUTSTANDING STUDENT AWARD

The President’s Outstanding Student Award is presented to a member of the graduating class, who has earned a 3.5 grade-point average or better and has exemplified the characteristics of a well-rounded student in the categories of honor achievements, extracurricular activities, and citizenship.

THE GREEN-KNIGHT TECHNICAL AWARD EXCELLENCE

The Green-Knight Technical Award of Excellence is presented during commencement to an outstanding graduate receiving a certificate in a technical program and has attained a minimum cumulative average of 3.5. The award was named after Mr. Arthur L. Green, the first chief administrator of Carver State Technical College, now the Carver Campus of Bishop State Community College, and Mr. Clay Knight, the first president of Southwest State Technical College, now the Southwest Campus of Bishop State Community College.

HISTORY OF THE COLLEGE

Founded in the summer of 1927, Bishop State Community College was originally the Mobile Branch of Alabama State College (University) in Montgomery, Alabama. It was established as an in-service arm of Alabama State College that offered extension courses to African-American elementary and secondary teachers in Mobile.

In 1936, O.H. Johnson was appointed as dean. The first full-time faculty consisted of seven persons, which included such Mobile pioneers in education as Dr. Benjamin F. Baker, Mary Wilbur Weeks Burroughs and C.F. Powell.

Dr. Sanford D. Bishop, Sr. joined the teaching staff of "The Branch" in 1938 as an instructor of English and music. In 1941, he was named dean.

In 1942, property was acquired on Broad Street where the present Main Campus is located. The campus consisted of a two-story framed building, which prior to the purchase of the property, was used by the Voluntary Fire Fighters Society #11. It was purchased with a loan that was later repaid by students through fund-raising. In 1963, the name "Mobile Branch of Alabama State College" was changed to Alabama State College – Mobile Center.

In 1965, the Alabama State Legislature ratified the Alabama State Board of Education's action establishing the Alabama State College – Mobile Center as Mobile State Junior College and severed its relationship with Alabama State College in Montgomery. Dr. Bishop was appointed president of the new independent junior college. In 1971, the Alabama State Legislature renamed the college to S. D. Bishop State Junior College.

Upon the death of Dr. Bishop on June 21, 1981, Dr. Joseph Christopher Mitchell was selected to serve as interim president. In September 1981, Dr. Yvonne Kennedy was appointed as the second president.

On February 23, 1989, the Alabama State Board of Education re-named the college to Bishop State Community College to reflect its growth in vocational/career offerings, transfer offerings and community service activities. On August 22, 1991, the Alabama State Board of Education consolidated two technical colleges in Mobile – Southwest State Technical College and Carver State Technical College – with Bishop State Community College.

Southwest State Technical College, now the Southwest Campus of Bishop State Community College, was established to provide postsecondary vocational training in the Mobile area under the 1947 Regional Trade School Act. The city of Mobile provided the 26 acres of land for the campus. The first graduates, in 1954, were 15 members of a practical nurse program who had begun classes in January 1953. The College officially opened in May 1954 with an enrollment of 100 students in eight programs.

Carver State Technical College, now the Carver Campus of Bishop State Community College, was chartered by the Alabama State Legislature on January 1, 1961. It was constructed in 1962 in the Toulminville area of Mobile. On November 19, 1976, the Alabama State Board of Education approved changing the name of Carver State Technical Trade School to Carver State Technical Institute and later to Carver State Technical College.

In 1995, the college added an extension to the Main Campus with the opening of the Baker- Gaines Central site. This site was formerly the historic Central High School. The facility houses the Division of Health Related Professions. In addition, it includes a museum, child care center, 1,200-seat auditorium, multimedia center and a bookstore.

Dr. Kennedy was president for 26 years, retiring on July 30, 2007. James Lowe became the interim president on August 1, 2007, and on May 22, 2008, the Alabama State Board of Education appointed him President.

On February 18, 2015, James Lowe, Jr. passed away. Dr. Ullysses McBride was appointed March 10, 2015 as interim president. Dr. Valerie Richardson was appointed as Bishop State Community College's interim president on August 27, 2015. On October 20, 2015, the ACCS appointed Dr. Richardson as Bishop State Community College's president.

On February 19, 2016, the Alabama Community College System (ACCS) selected Dr. Reggie Sykes as acting President of Bishop State Community College. On July 12, 2017, Dr. Reggie Sykes was appointed President of Bishop State Community College.

On July 14, 2021, Dr. Reggie Sykes retired from the College. On July 15, 2021, the Alabama Community College System appointed then Executive Vice President Dr. Lawrence Brandyburg to serve as the Interim President of Bishop State Community College.

On July 13, 2022, Mr. Olivier Charles was appointed President of Bishop State Community College.

ACADEMIC REGALIA

The history of academic attire for occasions such as a commencement exercise dates back to the 14th Century. The associate is the first postsecondary education degree. The names of each of the three academic degrees that are generally recognized seem to have been determined by the medieval university custom. The bachelor's degree takes its name directly from the medieval practice of "bachelors" wearing a garland of bayberries. The master's degree was equivalent to a license to teach and sometimes was followed by the expression Licentia Docendi. The doctor's degree was originally a title of respect and a recognition of great learning.

In the medieval university, students and teachers wore gowns indicating their status and scholastic achievement. The academic regalia worn by those participating in today's commencement ceremonies evolved from the medieval costume. Distinctions among the costumes indicate the type of degree held by the wearer. A gown worn fastened at the top and featuring open sleeves is worn by those members of the faculty and staff holding the bachelor's degree. The master's gown, which is worn open, has long pointed closed sleeves with a slit near the upper part of the arm. The doctor's gown, also worn open, is faced with a broad strip of velvet and has cross bars of velvet on each sleeve. These distinctions also may be seen among students at colleges and universities that offer bachelor and graduate-level degrees.

Hoods are worn by those members of the faculty and staff holding graduate degrees. The doctor's hood is longer and more elaborate than the master's hood. A college faculty or staff member who holds a degree from another college or university wears the colors of his or her alma mater. The color of the velvet edging on the hood indicates the field of study in which the degree was earned, for example: Arts – WHITE; Fine Arts – BROWN; Science – GOLDEN YELLOW; Education – LIGHT BLUE; Music – PINK; Library Science – LEMON YELLOW; Social Work – CITRON; Business – SAPPHIRE BLUE; Law – PURPLE; Nursing – APRICOT.

There are very few distinctions in the regalia for students graduating on the associate degree level. The robes for students graduating with an associate degree are the same kind of robes as those used by students graduating on the baccalaureate level. At Bishop State Community College, honor candidates for degrees wear gold tassels to represent their academic achievement.

THE ALMA MATER

To you Bishop State we sing,
Of mem'ries you'll always bring,
Two years of our lives enriched by thee,
Successful we must be.
Among our peers we shall stand,
In colleges thru out the land.
The Old Gold and Green, we love so true,
We'll always think of you.

When school days have passed and gone,
Fond mem'ries will linger on.
In work we pursue, in all else we do,
We'll give our best to you.
While forward through life we go,
Great pride in our school will show.
O Dear Bishop State so proud and true,
We'll always think of you.
