Re: Open Job Position – Engineering Technician I

Beginning Monday, July 10, 2017, Riviera Utilities will begin taking applications to fill a job vacancy for Engineering Technician I. The qualifications for this position are:

- High school diploma.
- One year experience with electrical systems and concepts such as residential, commercial or industrial wiring.
- Must possess or be able to obtain a valid driver's license within 60 days of employment.

Applications will be accepted for this position through Friday, July 14, 2017. Interested individuals should go to our website at www.rivierautilities.com to review the Job Description for these openings, click on the *Online Application* link, complete a personal profile, select the position, and submit your application by the deadline.

In Compliance with the Alabama Immigration Law, Riviera Utilities participates in the Federal E-Verify Identification Program.
