### Test Overview:

**The English test is a 75-question, 45-minute test, covering:**

#### Usage/Mechanics

- punctuation
- grammar and usage
- sentence structure

#### Rhetorical Skills

- strategy
- organization
- style

**The ACT mathematics test is a 60-question, 60-minute test** designed to assess the mathematical skills students have typically acquired in courses taken up to the beginning of grade 12.

**The reading test is a 40-question, 35-minute test** that measures your reading comprehension. The test questions ask you to derive meaning from several texts by:

- referring to what is explicitly stated
- reasoning to determine implicit meaning

**The science test is a 40-question, 35-minute test** that measures the interpretation, analysis, evaluation, reasoning, and problem-solving skills required in the natural sciences.

- **You are not permitted to use a calculator on the science test.**

- **TAKE NOTE** The test assumes that students should be in the process of taking the core science course of study (three years or more) that will prepare them for college-level work and have completed a course in Earth science and/or physical science and a course in biology.
