# BARBERING & HAIR STYLING

The Barbering and Hair Styling program is designed to provide students with the specialized background needed to become a qualified barber/stylist.

The program provides education and training experiences in current technology and future trends that will prepare students for employment. Because of the ever-changing nature of the profession, it is an exciting, challenging, and rewarding career choice.

The Barbering and Hair Styling program includes academic courses and technical courses that provide instruction and clinical experience in barbering and hair styling techniques.
